

## NCA’s 111<sup>th</sup> Annual Convention—Fees Denver, Colorado, November 20-23, 2025

Below please find the National Office’s proposal to the Finance Committee/Executive Committee regarding convention fees for 2025. This proposal will be discussed by the Finance Committee prior to the EC meeting and will be brought to the EC with a recommendation for support or with proposed revisions. The proposed fees are specified below along with the rationale for these recommendations.

### Registration Fees

Pursuant to the Executive Committee’s decision in February 2016, registration fees have remained unchanged until a scheduled reconsideration in February 2019. The EC determined that following the 2019 discussion, there should be an inflationary increase in convention registration fees that will be implemented every three years. In 2024, convention registration rates were increased 10%.

For the 2025 Convention, the National Office recommends one Convention Registration rate for all Students at \$150, removing Early Bird and On-site registration fee differences. In contrast, regular registration rates will rise by 45-50%, and we will no longer offer a differing registration rate for On-site registration. These changes are being made to address rising operational and convention-related costs while also tackling the growing deficit. This strategic adjustment aims to enhance the attendee experience and ensure that the convention becomes financially self-sustaining in the years to come. Changes for 2025 compared to 2024 are noted in **red**.

Proposed convention registration fees for 2025:

		2024 Fee	Proposed 2025
<b>Discounted Student:</b>	<i>Early Bird</i>	\$100	
	<i>Regular</i>	\$155	<b>\$150</b>
