Doctoral Programs Research Areas of Emphasis

NCA conducted a review of 79 doctoral-granting programs in Communication (drawn from the list of programs ranked in the 2010 NRC study) and examined each program’s website for advertised research emphases. 32 separate areas of research and/or programmatic emphasis were identified (not including “other” or doctoral programs that do not identify research or program emphasis) from this review.

Table 1: Total Number of Research Areas of Emphasis
